

Product Specification Sheet

Targus radius Convertible Messenger/Backpack

Part #: BUS0116

Product Description:

The Targus radius Convertible Messenger/Backpack is designed to fit Apple® notebooks with up to 15.4" screens and features an EVA molded notebook compartment for added protection. The radius Convertible Messenger/Backpack features a zip down workstation with custom sized pockets made specifically to fit your Apple mouse, remote, power adapter and iPod®.

This case also features a business card holder, key clip and pen loops along with a trolley strap for easy transport on rolling luggage. For added convenience, the radius case converts from a backpack to messenger and includes a zippered pocket to store the backpack straps while not in use. The padded shoulder straps are ergonomically designed for carrying comfort and include an integrated cable management system to keep the headphone cord neatly wound.

To protect your iPod, the Targus Mobile Security Lock for iPod® is the perfect solution for those who need to secure their iPod while on the go. The dock connector is easy to use and provides mobile protection for your device. This lock is compatible with iPods that have a dock connector. The 3-digit combination lock can be reset by the user at any time for increased security. The stylish and unique housing allows for easy storage. This bundle is especially Ideal
